1. Numbering of coursework

   The committee recommends editing this section of the AGH

Numbering of coursework (AGH)

The following is a summary of the restrictions imposed by University policy on the numbering of coursework. To begin, University policy stipulates the following general classifications:

<table>
<thead>
<tr>
<th>Number Range</th>
<th>Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>0001-0999</td>
<td>Remedial</td>
</tr>
<tr>
<td>1000-1999</td>
<td>Freshman</td>
</tr>
<tr>
<td>2000-2999</td>
<td>Sophomore</td>
</tr>
<tr>
<td>3000-3999</td>
<td>Junior</td>
</tr>
<tr>
<td>4000-4999</td>
<td>Senior</td>
</tr>
<tr>
<td>5000-5999</td>
<td>Master's</td>
</tr>
<tr>
<td>6000-6999</td>
<td>Specialist</td>
</tr>
<tr>
<td>7000-7999</td>
<td>Doctorate</td>
</tr>
</tbody>
</table>

Within the ranges listed above, however, the following blocks of numbers are reserved for courses which are common to most departments:

- 1500-1549
- 2500-2549
- 3500-3549
- 4500-4549
- 5500-5549
- 6500-6549
- 7500-7549

Numbers specified within the reserved ranges are as follows:

- Independent Study - 2500, 3500, 4500, 5500, 6500, 7500
- General & Departmental Honors - 1510-1519, 2510-2519, 3510-3519, 4510-4519
- Selected Topics – 1530-1549, 2530-2549, 3530-3549, 4530-4549, 5530-5549, 6530-6549, 7530-7549
- Instructional Assistance – 3520

Other numbers reserved by University policy are:

- Internships - 2900, 3900, 4900, 5900, 6900, 7900
- Bibliography & Research – 5000
- Graduate Research – 5989
- Thesis/ Dissertation – 5999, 6999, 7999
- Experiential Learning - 1999, 2999, 3999, 4999

The above is intended as a guide in preparing course proposals for both the Graduate Council and the Academic Policies and Procedures Committee. For more information, contact the Registrar.

Numbering of Coursework (EDITED ABOVE STATEMENT)

Proposals for new courses or programs must be submitted to the Registrar’s office during the proposal development process to confirm the appropriateness of course numbering.

2. Academic Governance

The committee recommends editing this section of the AGH

A. ACADEMIC GOVERNANCE (CURRENT AGH)

According to the Faculty Handbook (Chapter II, Section II), the basic mission of the University is instruction of students; therefore, the procedures for curriculum modification are most important and should be clear.

The basic and most important unit in determining curricula is the academic department. Departments recommend their own departmental courses and programs after careful consideration by the faculty of that department. Each department should have a representational curriculum committee involving faculty and undergraduate students (and graduate students, if there are graduate programs in that department).

Appears in Faculty Handbook 3.4

Each college/school shall have a curriculum committee to carefully consider changes to courses, programs, policies, or structures within or affecting that college/school. This curriculum committee should include faculty and undergraduate students (and graduate students, if there are graduate programs in that college/school).

In addition, the Graduate School, the Teacher Education Council, and the Core Curriculum Committee shall each carefully consider changes to courses, programs, or structures within or affecting their programs. These curriculum committees shall include faculty, undergraduate, and graduate students.

The Academic Policies and Procedures Committee is the final committee to carefully consider changes to the University's curriculum, policies, and structures. (A thorough explanation of the policies and procedures pertaining to this committee follows in section “C. Academic Policies and Procedures Committee.”)

The Provost and the Chancellor shall communicate to the University in a timely fashion their decisions on proposals and motions involving changes in academic policies, programs, or structures.

GUIDELINE I

Any proposal for changes in a department's courses or programs must first be acted upon by the department before being submitted to the college advisory council. Any proposal for changes (excluding course changes within existing programs) in a college’s or school's programs or structures must first be acted upon by the faculty of the college or school concerned before being presented to the Academic Policies and Procedures Committee. After a proposal for curricular or structural change has been acted upon by a college or school and after the dean of that college or school has submitted the proposal to all other necessary groups, the dean may then present the proposal to the Academic Policies and Procedures Committee.

Appears in Faculty Handbook 3.4.1

GUIDELINE II

Recommendations for changes in general academic policies or academic programs must be submitted to the Academic Policies and Procedures Committee by any of the following:

A. Department, program, college, or school
B. Faculty Senate
C. Student Government Association
D. Graduate Student Association Senate
E. Council of Deans
F. Council of Chairs

If the proposal does not originate from a specific academic department, it must go through one of the bodies listed above.

Appears in Faculty Handbook 3.4.2
GUIDELINE III
The Academic Policies and Procedures Committee is, in most circumstances, the final recommending body to the Provost and Vice Chancellor for Academic Affairs and the Chancellor. Faculty and student members on this committee serve as representatives for the faculty and students, respectively.

Appears in Faculty Handbook 3.4.3

GUIDELINE IV
If a proposal for changes in a department’s curriculum is not approved by that department, the group initiating the proposal may appeal (within 90 days after rejection) first to the advisory council of the college to which that department belongs. If the proposal is rejected by the college or school, the group may appeal (within 90 days after rejection) to the Academic Policies and Procedures Committee.

When a departmental proposal is not recommended by other necessary groups, the department may appeal to the Academic Policies and Procedures Committee (within 90 days after rejection).

Appears in Faculty Handbook 3.4.4

A. ACADEMIC GOVERNANCE (EDITED)
The basic and most important unit in determining curricula is the academic department.

Each department/academic unit and college/school shall have a curriculum committee to carefully consider changes to courses, programs, policies, or structures within or affecting the academic unit. All academic units should develop and implement plans for involving students in academic governance at the departmental level.

In addition, the General Education Council, Honors Council, and Teacher Education Council shall each carefully consider changes to curriculum, policies, programs, or structures within or affecting their programs.

The Graduate and Undergraduate Academic Policies and Procedures (AP&P) Committees are the final committees to carefully consider and recommend changes to the University's curriculum, policies, programs, or structures.

The Provost and the Chancellor shall communicate to the University in a timely fashion their decisions on proposals/motions involving recommendations for changes in curriculum, policies, programs, or structures.

Subcommittee Note: Guidelines I-IV below were taken verbatim from the Faculty Handbook

GUIDELINE I
Any proposal for changes in a department’s courses or programs must first be acted upon by the department before being submitted to the college advisory council. Any proposal for changes (excluding course changes within existing programs) in a college’s or school’s programs or structures must first be acted upon by the faculty of the college or school concerned before being presented to the Undergraduate Academic Policies and Procedures Committee and/or the Graduate Academic Policies and Procedures Committee. After a proposal for curricular or structural change has been acted upon by a college or school and after the dean of that college or school has submitted the proposal to all other necessary groups, the dean will then present the proposal to the Undergraduate Academic Policies and Procedures Committee and/or the Graduate Academic Policies and Procedures Committee.

GUIDELINE II
Recommendations for changes in general academic policies or academic programs must be submitted to the Undergraduate Academic Policies and Procedures Committee and/or the Graduate Academic Policies and
Procedures Committee by any of the following:
   A. Department, program, college, or school
   B. Faculty Senate
   C. Student Government Association
   D. Graduate Student Association Senate
   E. Council of Deans
   F. Council of Chairs

A faculty member, student, or ad hoc faculty or student group will channel proposals through the appropriate body above.

GUIDELINE III
The Undergraduate Academic Policies and Procedures Committee and the Graduate Academic Policies and Procedures Committee are, in most circumstances, the final recommending bodies to the provost and executive vice chancellor and the chancellor. The faculty members and the students on these committees serve as the representatives for the faculty and students, respectively. As such, these groups should make their respective views known through their appointed representatives and should make arrangements for their respective representatives to be held accountable to them.

GUIDELINE IV
If a proposal for changes in a department’s courses or programs is not approved by that department, then the group initiating the proposal may appeal (within 90 days after rejection) first to the advisory council of the college to which that department belongs. If the proposal is also rejected by the college or school, then the group may appeal (as above) to the Undergraduate Academic Policies and Procedures Committee and/or the Graduate Academic Policies and Procedures Committee.

When a departmental proposal is not recommended at the college advisory council level, the department may appeal to the Undergraduate Academic Policies and Procedures Committee and/or the Graduate Academic Policies and Procedures Committee.
